RE: Field of Membership request with Interfaith Federal Credit Union (IFCU)

Dear Mr. Noperi:

On behalf of the (_____), we would like to open an account with the Interfaith Federal Credit Union (IFCU).

On behalf of the (_____) we formally request membership in the Interfaith Federal Credit Union (IFCU) for the reasons below:

- We desire to be a member of a financial institution which has churches and their members as its primary focus;
- Some of our members may fall below the threshold of eligibility for commercial banks and therefore are unable to have an account;
- The products and services provided by Interfaith Federal Credit Union are designed to meet the needs of churches and its members;
- Some of our members are now being assessed service fees on their bank accounts simply because they do not maintain a high enough minimum balance. Many ministries do not maintain high balances simply because their purpose is to assist those in need or do not have sufficient surplus funds to maintain such high balances. Such service fees impact the ministry of helping those in need.

The (_____) has a potential IFCU membership of approximately (_____).

The (_____) is located at (_____).

We believe that the Interfaith Federal Credit Union will provide us with the kind of financial products and services to support our church, congregation members and staff needs. Please provide us with the documentation needed to join IFCU.

Sincerely,

Name and Title
